

BEAR STEARNS - "WHAT A WONDERFUL LIFE"

Let's consider, for a moment, what life would be like if there was no Bear Stearns. The following are some things that might be overheard in a world where 245 Park Avenue never existed.....

"Only the first four cars will open in Mineola, everybody's gotta have your tickets ready"

-
Bob Gubitosi

"We're going to begin the beverage service of the flight. Spanish Brandy is available for 5 dollars, regular Cognac is available for 4."

-
Artie Pacecho

"The sign clearly states *NO SHIRT, NO SHOES, NO SERVICE* - I can't sell you any tobacco products and beef jerky in that outfit, I don't care if you are underage."

-
Alan Tarter

"You gotta give me 4 more reps - den we gonna blast the pecks and stretch the quads"

-
Mike Cornette

"I clocked ya doin' 52 in a 45, but seein' as yer from Buffalo my guy says I can let this one slide- but only 'cause I gotta go number 2."

-
Alan Jadis

"We got a few specials this evening, but. I gotta tell 'ya this chef makes the best veal scallopine in the city- it will melt in your mouth like butter, I'll bring the broccolli for the table, a nice Brunello, and the check all at the same time because I gotta car waitin' outside to take me back to the Island 'cause I gotta go with my daughter to see Limp-Bizkit with her friends and Cornetts."

-
Bobby Composto

"It's the most cunning of all fish. It's born in fresh water, spawns in the ocean - comes back. Most anglers use a combination of fancy lures, I'll catch this one with my teeth, it'll hurt, but I'll do it."

-
Rob Crandall

"Ah, Good morning, This is Tony with traffic and transit every ten minutes on the ones. We have a jack-knifed tractor-trailor on the outbound Gowanus, causing delays all the way to Todd Hill, Staten Island."

-
Tony Ardizzone

"If you girls need any help with the sunscreen let me know. Be careful of the jelly fish today, they sneak up on you. And I'm hosting a party tonite in my private cabanna with my buddy from Hugo Boss who can get you anything at half off. I actually left my guard suit at home, so if you don't mind I'll be patrolling nude today"

-
Tommy Pierini

"I normally charge 50 for the whole deal and you get to touch it, but we can make it only 25 if you just wanna see it."

-
Nancy Jaffoni

"Listen to me, sir, please, no one is allowed to touch the monkeys except for me, it's their feeding time and I don't want to have another incident."

-
Frank Ricca

"Of course it runs and it even smells great inside, and at \$50,000 you can't afford NOT to buy this handsome chariot.....how do you like me so far?"

- Liz Fisher

"I think another good source of information is the body language of the stockboys - that can really tell you a lot about what's moving off the shelves and what's not moving. When I was chief-cashier at CVS we were able to keep a tight handle on inventory demands quarter over quarter - whether or not we can implement that model here at ShopRite remains to be seen"

-Susan Green

"Lemma ask 'ya somethin', did you really think you were gonna get thru the E-Z Pass lane without a freakn' E-Z Pass. This is the New York Freakin' Thruway for cryin' out loud and I don't care if you are on your way to Phish concert."

"No, this plane is NOT boarding yet, all the systems are down and nothing is working and I can't move you to bulkhead if you're already ticketed in coach, go sit down and you may board when your row is called."

-Dana Hermann

"Taking a look at the five-day we can see a high pressure front moving in that should allow for morning clouds and rain to give way to some afternoon sunshine and clearing skies."

-Phil Zeifer

"OK, OK, you really want the pastrami - I'm sorry that guy over there got the last pastrami, how 'bout this, you're stopped on the corned beef and I'll go see if I can talk that guy out of his pastrami - I can't guarantee it will work, but it's worth a try, I mean if not, we always have chicken salad - nothing fancy but- ok look, I can't do this anymore, I can't - there never was any pastrami- ok"

-Cliff LaMotta

"Forget about that. I got two words for you - cordless phone. Forget that it costs more - let me make an observation, in Europe there are no cordless phones and more people still smoke - do you think that's an accident. Come on, man. I see you lips moving, but I can't hear you because you're not talking on a 900 megahertz cordless phone! - Do you like chocolate?"

-Aldo Parcesepe

-Chris Diglio

"I gotta hand it to 'ya Ravi, this is some of the best stuff I ever smoked, let's finish cleaning the last stall and hit the Outback for a Bloomin' Onion"

-Paul Allegra and Ravi
